

Construction Skills – SMSTS Refresher

Introduction

This course aims to bring health and safety knowledge up to date, as well as giving a thorough overview of the legislative changes and their impact in the workplace. The course includes a wide range of topics, many building on the original five day course programme as well as introducing new subjects.

Delegates must have a valid/current SMSTS course certificate to attend this course

Delegates will be required to complete a multiple-choice assessment. On passing the assessment, they will receive a Construction Skills Certificate that is valid for five years.

Upon successful completion of the course delegates will receive the Site Safety Plus Construction Site Supervisors Safety Certificate accredited by the CITB.

Full course price includes CITB certificate, Construction Site Safety book GE 700, light lunch and refreshments.

If your company is in the CITB Levy scheme £50.00 can be claimed back per day for the length of any Site Safety Plus course

COURSE CONTENTS

The aims of this course are to:

- Improve awareness of recent developments in construction, legislation and health, safety, welfare and environmental issues
- Identify measures that will assist the practical implementation of responsibilities established by new legislation and new working practices

Learning Outcomes

By the end of the course delegates will be able to:

- **Implement** all updated health, safety, welfare and environmental legislation which affects them in their role as a manager
- **Implement** new guidance and industry best practice
- **Be more aware** of their duties and responsibilities with regards to health, safety, welfare and environment

Duration: 2 Day Course
